

SERVICE PLAN

EFFECTIVE DATES:

SYSTEM COVERED:

COST:

We will provide **EMERGENCY** service 24 hours a day, 365 days per year, for **AUTOMATIC** delivery customers. All other services provided under this policy will be covered during normal business hours only. All **NON-EMERGENCY** and **NON-COVERED** service calls will be charged at company's prevailing rates for parts and labor.

EXCLUDED:

1. No part is covered by this policy unless specifically listed.
2. Unattended or vacant premises where an adult is not present for a consecutive period of 24 hours or more.
3. Repairs to boiler, furnace, hot water tank, piping, smoke pipe, air ducts, radiators, expansion tank, humidifiers, electronic air cleaner, attic fans, power venters, or other equipment/parts beyond those listed in the plan.
4. Repairs to plumbing, damage from flood, fire, water in basement, storm, freezing or other abnormal causes which may affect the customary operation of the equipment. Electronic failure, thermostat/clock thermostat improperly set, or failure on your part to keep oil in fuel tank will not be covered.
5. Pollution or clean-up costs due to faulty equipment or circumstances beyond the control of the company.

CONDITIONS:

1. Plan will cease to be in force if oil used in equipment is supplied by others.
2. Inadequate boiler/furnace room ventilation for proper combustion is not covered.
3. Water/contaminants in fuel tank are not covered.
4. One annual cleaning will be included after initial inspection and cleaning performed at customer's cost.
5. J.M. Walsh Oil/Sonny's Oil Company reserves the right to cancel this policy when a customer:
 - a. obtains fuel from other sources
 - b. permits any person other than an employee or authorized service representative of J.M. Walsh/Sonny's Oil Company to service/install customer's equipment
 - c. fails to maintain an acceptable credit rating with J.M. Walsh Oil/Sonny's Oil Company, or is otherwise in arrears in any bill for oil or service due to company
 - d. uses any alternative fuel device or alternate fuel
 - e. fails to maintain adequate fuel supply
 - f. fails to purchase all fuel requirements on the automatic delivery system

COVERED PARTS LIST

Air filters	Cad cell leads	Fuel pump coupling
Air tube	Circulator coupling	Fusible valve
Air vent	Circulator motor	Ignitor/transformer
Anti-hum valve	Circulator relay	Nozzle
Aquastat	Combustion chamber	Nozzle line
Aquastat (reverse)	Delayed oil valve	Nozzle adaptor
Bearing assembly	Draft regulator	Oil cartridge
Blast tube	Electrodes	Oil safety valve
Blower motor	Electrode holder	Oil solenoid valve
Blower belt	Emergency switch	Pressure control
Blower pulley	End cone	Pressure gauge
Burner coupling	Fan belt	Pressuretrol
Burner motor	Fan control	Relief valve
Burner switch	Firomatic valve	Thermal switch
Cad cell control	Fuel pump	
Cad cell eye
